Cumberland Valley School District

Private Physician's Report Of
Physical Examinations Of A
Pupil Of School Age

Dear Parent/Guardian:

Pennsylvania School Health Law requires all children to have a medical examination **upon original entry into school**, in **sixth grade** and in **eleventh grade**. These examinations are recommended because these are critical periods in the growth and development of your child. We are recommending that this examination be done by *your family physician*, since he/she can best evaluate your child's health, assist you in obtaining necessary treatment, and keep your child's immunization status current.

We are giving you this form early in order that *your physician* may have time to examine, treat and immunize your child in **early summer**. If this examination is not done privately by your family physician, it will be given at school by a school physician.

Please have your physician complete this form and return it signed to **your child's school,** marked to the attention of the School Nurse by **August 15.**

Your cooperation in this matter is greatly appreciated.

Name of child	Age	❑ Male ❑ Female	Birth Date

Address

Immunization Status	Doses required by state law before child enters school are shaded			Tetanus Immunization – dose recommended @ 11/12 years	
Diphtheria – Tetanus (DtaP, DTP, Td or DT) **	/ /	/ /	/ /	/ /	/ /
